Insurance

We participate with most insurance plans. Ultimately, it is your responsibility to know and understand the terms of your insurance coverage. Your insurance plan is a contract between you and your carrier. It is your responsibility to know whether your insurance carrier requires a referral or script. In the event that you arrive without a referral when one is required, you will be responsible for the bill or your visit will be rescheduled. We will verify benefits for Physical Therapy and help you understand your coverage. Please remember however, that benefits are not a guarantee of coverage or payment.

Co-Payment: This is a fixed amount set by your insurance company, which you are obligated to pay at the time of service. If your co-pay becomes a burden, please let us know. Legally we cannot waive your co-pay, but we can offer payment plans. Our main goal is to optimize your quality of life.

Co-Insurance: This is your cost share, usually calculated as a percentage of the cost of the service. Each plan and coverage is different. Please check with your insurance company.

Deductible: This is the amount you are responsible for before your insurance plan starts paying for services. Deductibles may not apply to all services. Please check with your insurance company.

Home Exercises

During your time at Optimum Performance Physical Therapy, LLC, we will prescribe exercises to be completed at home. These are individually designed to focus on your biggest limitations. It is important to complete the exercises as prescribed to make gains in range of motion, strength, and function. Failure to comply with the exercise recommendations prescribed to you can adversely affect your recovery. Please make your home exercise program a top priority. We want the best for you and your health. Your active participation and diligence will help us help YOU!
